

## OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

Updated 1/19/2021

Under ODE’s **Ready Schools, Safe Learners** guidance, each school<sup>1</sup> has been directed to submit a plan to the district<sup>2</sup> in order to provide on-site and/or hybrid instruction. Districts must submit each school’s plan to the local school board and make the plans available to the public. This form is to be used to document a district’s, school’s or program’s plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the [Ready Schools, Safe Learners guidance](#) document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to, school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,<sup>3</sup> parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation. *It is required that a revised Operational Blueprint be completed and updated when there is a change of Instructional Model.*

1. Please fill out information:

SCHOOL/DISTRICT/PROGRAM INFORMATION	
Name of School, District or Program	COIC La Pine Classroom
Key Contact Person for this Plan	John Bouchard, Ed. D.
Phone Number of this Person	541 420 2239
Email Address of this Person	jbouchard@coic.org
Sectors and position titles of those who informed the plan	Bend La Pine administrative staff, High Desert ESD admin staff, parents, and COIC teaching staff
Local public health office(s) or officers(s)	Deschutes County Public Health (DCPH) Laura Hart
Name of person Designated to Establish, Implement and Enforce Physical Distancing Requirements	Debra Sayre
Intended Effective Dates for this Plan	September 1, 2020 – June 30, 2021
ESD Region	High Desert ESD

2. Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

COIC currently consults with stakeholders including administrators from the High Desert ESD and Bend La Pine SD, COIC teachers and employment counselors, parents and students. This is done primarily through phone calls, emails and texts because of the small numbers. Additionally, a survey will be posted on the COIC website in addition to the Communicable Disease Management Plan.

<sup>1</sup> For the purposes of this guidance: “school” refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, “school” will be used inclusively to reference all of these settings.

<sup>2</sup> For the purposes of this guidance: “district” refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

<sup>3</sup> Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a [government-to-government](#) basis.

3. Select which instructional model will be used:

On-Site Learning     Hybrid Learning     Comprehensive Distance Learning

4. If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).

5. If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-22 in the initial template) and [submit online](#), including updating when you are changing Instructional Model (<https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a>).

\* **Note:** Private schools are required to comply with only sections 1-3 of the *Ready Schools, Safe Learners* guidance.

## REQUIREMENTS FOR COMPREHENSIVE DISTANCE LEARNING OPERATIONAL BLUEPRINT

*This section must be completed by any school that is seeking to provide instruction through Comprehensive Distance Learning. For Private Schools, completing this section is optional (not required). Schools providing On-Site or Hybrid Instructional Models do not need to complete this section.*

**Describe why you are selecting Comprehensive Distance Learning as the school's Instructional Model for the effective dates of this plan.**

The July 28 guidance from the governor established metrics for reopening that did not permit COIC to implement the Hybrid mode; the November 4, 2020, metrics still did not permit Hybrid implementation. Nonetheless, the basic cohorting elements of the Hybrid continued to be adapted to Limited In Person Instruction (LIPI) - Comprehensive Distance Learning (CDL) until the situation in Oregon and Deschutes County met the governor's criteria for student and staff safety in January, 2021, that allowed each district to determine how to return more students to the classroom.

**In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. [Here is a link to the overview of CDL Requirements.](#) Please name any requirements you need ODE to review for any possible flexibility or waiver.**

**COIC-LA Pine School Re-entry Plan  
Distance Learning Adaptation to Hybrid Plan  
NOV 2, 2020 - FEB 12, 2021**

### Overview

- 1) COIC uses Odysseyware and AZTEC Learner Management Systems (LMS) and teacher produced packets and videos as part of the synchronous teacher-facilitated learning. Synchronous opportunities are provided daily by means of scheduled Zooms, phone calls, texts, and emails for each of the 6 cohorts.
- 2) Odysseyware has adaptations for students including the text aloud, a variety of language translations and adjustable font sizes. Classes are customized depending on student needs.
- 3) The assigned COIC teacher is available by message (Odysseyware and AZTEC), phone, text, and Zoom video during the school day for instruction and help.
- 4) School year starts with virtual orientation for parents and caregivers so that all understand the virtual tools and procedures.
- 5) The cohort data are current. This model establishes a process by which cohorts can set up, augmented, reduced, or quarantined.
- 6) The 4 Cohorts will roll over into the Hybrid Plan when conditions warrant.

### General Plan

- 1) This plan is designed to work in tandem with Limited In Person Instruction (LIPI).
- 2) Essentially, each student is expected to work at home asynchronously with 2 weekly synchronous sessions either in person in the COIC classroom with a teacher and very small peer group or virtually off site. Applied learning experiences are assigned during this time with instructional support available.
- 3) Each assigned student will check in via phone, text, Zoom, Zoom chat, or some other acceptable method each school morning and afternoon.
- 4) Zooms will begin with an Advisory period to enhance engagement, mental social and emotional health.
- 5) Each cohort teacher grades and tracks attendance and school work completion.
- 6) La Pine COIC Communicable Disease Management Plan describes details of the COVID-19 response.

**LIPI Adaptation to Distance Learning**

In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. [Here is a link to the overview of CDL Requirements.](#) Please name any requirements you need ODE to review for any possible flexibility or waiver.

- 1) Intake occurs virtually. Parent communication schedule established.
- 2) GED Pre-testing occurs at home or individually in the COIC classroom dedicated for this purpose. Parent informed of results and related ed plan.
- 3) Cohorts, to the extent possible, are strategically arranged by GED scores in Math and LA:
  - a) 4 cohorts, labelled LP1 through LP4, set up in the am and pm to meet Monday and Thursday and Tuesday and Wednesday as LIPI cohorts. Two other cohorts, LP5 and LP6, will meet virtually in the morning and afternoon, Monday through Thursday. Attendance monitored per ODE and Bend La Pine guidelines. Although virtual class time is set up by cohort with a phone call, email, LMS, zoom, each session is open to any student with a specific question. Because of the small cohort size, this will not be disruptive.
- 4) No scheduled synchronous learning on Friday – teacher office hours from 8:30 – 3:30 or by arrangement. Office hours to deal with individual tutorials or parent meetings. Students are expected to work on asynchronous and applied learning activities.
- 5) Tight adherence to timetables.
- 6) GED testing will occur in Bend, La Pine, and Prineville on Fridays when circumstances permit. COIC Bend is now authorized GED Test Center. COIC la Pine can also administer paper GED tests. GED testing also occurs virtually by means of Online Proctored (OP) tests from GED Testing Service.

**Teacher Cohort Assignments:** Numbers of students in parentheses; 6 cohorts labelled LP1 – LP4 (LIPI) and LP5, & LP6 (Virtual)

Teacher	#Students	Cohort			
Deb Sayre	24	LP1_LIPI (5)	LP2_LIPI (7)	LP3_LIPI (6)	LP4_LIPI (6)

LIPI schedule is 9:00 – 11:00 in the am and 1:00 – 3:00 in the pm with staggered entry and exit

Describe the school’s plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

On February 16, COIC La Pine will transition from CDL – LIPI to a Hybrid model using a process that will allow fluid transition back to CDL – LIPI if the situation warrants. Essentially, under LIPI, the teacher has four cohorts: Monday-Thursday am; Monday-Thursday pm; Tuesday-Wednesday am; and Tuesday-Wednesday pm. LIPI cohorts do not exceed 4. Under the Hybrid, the am and pm cohorts add another hour of instruction so that 24 hours of in-person student contact are scheduled weekly for the 23 students opting for Hybrid.

Hybrid schedule is 9:00 – 12:00 in the am and 1:00 – 4:00 in the pm with staggered entry and exit.

*The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.*

## ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT

*This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models.*

*Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.*

#### 1d. COHORTING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <li>☒ Where feasible, establish stable cohorts: groups shall be no larger than can be accommodated by the space available to provide 35 square feet per person, including staff. <ul style="list-style-type: none"> <li>• The smaller the cohort, the less risk of spreading disease. As cohort groups increase in size, the risk of spreading disease increases.</li> </ul> </li> <li>☒ Students cannot be part of any single cohort, or part of multiple cohorts that exceed a total of 100 people within the educational week<sup>4</sup>, unless the school is offering Learning Outside, then they must follow guidelines for cohorting in Learning Outside guidance. Schools must plan to limit cohort sizes to allow for efficient contact-tracing and minimal risk for exposure. Cohorts may change week-to-week, but must be stable within the educational week.</li> <li>☒ Each school must have a system for daily logs to ensure contact tracing among the cohort (see section 1a of the <b>Ready Schools, Safe Learners</b> guidance).</li> <li>☒ Minimize interaction between students in different stable cohorts (e.g., access to restrooms, activities, common areas). Provide access to All Gender/Gender Neutral restrooms.</li> <li>☒ Cleaning and sanitizing surfaces (e.g., desks, dry erase boards, door handles, etc.) must be maintained between multiple student uses, even in the same cohort.</li> </ul>	<ul style="list-style-type: none"> <li>• Cohorts limited to 8.</li>   <li>• Contact tracing logs as part of school information system.</li>   <li>• Bathroom is monitored and is gender neutral.</li>   <li>• Wiping protocols in place for staff and students.</li> </ul>

<sup>4</sup> The cohort limit is focused on the students experience and their limit of 100 people includes every person they come into contact with, including staff. There is not a limitation for staff in cohort size while care should be given to design and attention to the additional requirements.

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <li>☒ Design cohorts such that all students (including those protected under ADA and IDEA) maintain access to general education, grade-level academic content standards<sup>5</sup>, and peers.</li> <li>☒ Minimize the number of staff that interact with each cohort to the extent possible, staff who interact with multiple stable cohorts must wash/sanitize their hands between interactions with different stable cohorts.</li> <li>☒ Elementary staff who interact with multiple cohorts (music, PE, library, paraprofessionals who provide supervision at recesses, etc.) should have schedules altered to reduce the number of cohorts/students they interact within a week. Consider having these staff engage via technology, altering duties so that they are not in close contact with students in multiple cohorts, or adjust schedules to reduce contacts.</li> </ul>	<ul style="list-style-type: none"> <li>• COIC has always maintained access for all students.</li> <li>• Staff protocols in place per Communicable Disease Management Plan (CDMP).</li> <li>• COIC does not serve elementary or middle schools.</li> </ul>

Training could be accomplished through all staff webinar, narrated slide decks, online video, using professional learning communities, or mailing handouts with discussion. Training cannot be delivered solely through the sharing or forwarding information electronically or in paper copy form as this is an insufficient method for ensuring fidelity to public health protocols (<a href="#">see section 8b</a> of the <i>Ready Schools, Safe Learners</i> guidance for specific training requirements). Note: Instructional time requirements allow for time to be devoted for professional learning that includes RSSL training.</li> <li>☒ Post “COVID -19 Hazard Poster” and “Masks Required” signs as required by OSHA administrative rule <a href="#">OAR 437-001-0744(3)(d) and (e)</a>.</li> <li>☒ Develop protocols for communicating with students, families and staff who have come into close contact with a person who has COVID-19. <ul style="list-style-type: none"> <li>• The definition of exposure is being within 6 feet of a person who has COVID-19 for at least 15 cumulative minutes in a day.</li> <li>• OSHA has developed a <a href="#">model notification policy</a>.</li> </ul> </li> <li>☒ Develop protocols for communicating immediately with staff, families, and the school community when a new case(s) of COVID-19 is diagnosed in students or staff members, including a description of how the school or district is responding.</li> <li>☒ Periodic interval training also keeps the vigilance to protocols ever present when fatigue and changing circumstances might result in reduced adherence to guidance.</li> <li>☒ Provide all information in languages and formats accessible to the school community.</li> </ul>	<ul style="list-style-type: none"> <li>• In place.</li> <li>• Staff training conducted by Bend Lead Teacher and Youth Education Manager occurs on a regular basis.</li> <li>• Posters are in place</li> <li>• A template letter is included in the CDMP.</li> <li>• Protocols described in the CDMP.</li> <li>• Trainings occurs monthly.</li> <li>• Spanish Language information posters in CDMP.</li> </ul>

## 2. Facilities and School Operations

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for instructional and extra-curricular activities requiring additional considerations (see section 5f of the **Ready Schools, Safe Learners** guidance).

### 2a. ENROLLMENT

*(Note: Section 2a does not apply to private schools.)*

<ul style="list-style-type: none"> <li>☒ Enroll all students (including foreign exchange students) following the standard Oregon Department of Education guidelines.</li> <li>☒ The temporary suspension of the 10-day drop rule does not change the rules for the initial enrollment date for students: <ul style="list-style-type: none"> <li>• The ADM enrollment date for a student is the first day of the student's actual attendance.</li> <li>• A student with fewer than 10 days of absence at the beginning of the school year may be counted in membership prior to the first day of attendance, but not prior to the first calendar day of the school year.</li> <li>• If a student does not attend during the first 10 session days of school, the student's ADM enrollment date must reflect the student's actual first day of attendance.</li> <li>• Students who were anticipated to be enrolled, but who do not attend at any time must not be enrolled and submitted in ADM.</li> </ul> </li> <li>☒ If a student has stopped attending for 10 or more days, districts must continue to try to engage the student. At a minimum, districts must attempt to contact these students and their families weekly to either encourage attendance or receive confirmation that the student has transferred or has withdrawn from school. This includes students who were scheduled to start the school year, but who have not yet attended.</li> <li>☒ When enrolling a student from another school, schools must request documentation from the prior school within 10 days of enrollment per OAR 581-021-0255 to make all parties aware of the transfer. and break rooms by limiting occupancy or staggering use. Consider staggering times for staff breaks, to prevent congregation in shared spaces. Always maintain at least six feet of physical distancing and establish a minimum of 35 square feet per person when determining room capacity. Calculate only with usable classroom space, understanding that desks and room set-up will require use of all space in the calculation. Wear face coverings except when eating or drinking and minimize time in spaces where face coverings are not consistently worn.	

## 2i. TRANSPORTATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> Include transportation departments (and associated contracted providers, if used) in planning for return to service. <input checked="" type="checkbox"/> Buses are cleaned frequently. Conduct targeted cleanings between routes, with a focus on disinfecting frequently touched surfaces of the bus (see section 2j of the <b>Ready Schools, Safe Learners</b> guidance). <input checked="" type="checkbox"/> Staff must use hand sanitizer (containing between 60-95% alcohol) in between helping each child and when getting on and off the vehicle. Gloves are not recommended; hand sanitizer is strongly preferred. If hand sanitizer is not available, disposable gloves can be used and must be changed to a new pair before helping each child. <input checked="" type="checkbox"/> Develop protocol for loading/unloading that includes visual screening for students exhibiting symptoms and logs for contact-tracing. This must be done at the time of arrival and departure. <ul style="list-style-type: none"> <li>• If a student displays COVID-19 symptoms, provide a face covering (unless they are already wearing one) and keep six feet away from others. Continue transporting the student. <ul style="list-style-type: none"> <li>○ The symptomatic student shall be seated in the first row of the bus during transportation, and multiple windows must be opened to allow for fresh air circulation, if feasible.</li> <li>○ The symptomatic student shall leave the bus first. After all students exit the bus, the seat and surrounding surfaces must be cleaned and disinfected.</li> </ul> </li> <li>• If arriving at school, notify staff to begin isolation measures. <ul style="list-style-type: none"> <li>○ If transporting for dismissal and the student displays an onset of symptoms, notify the school.</li> </ul> </li> </ul> <input type="checkbox"/> Consult with parents/guardians of students who may require additional support (e.g., students who experience a disability and require specialized transportation as a related service) to appropriately provide service. <input checked="" type="checkbox"/> Drivers must wear masks or face coverings while driving, unless the mask or face covering interferes with the driver’s vision (e.g., fogging of eyeglasses). Drivers must wear face coverings when not actively driving and operating the bus, including while students are entering or exiting the vehicle. A face shield may be an acceptable alternative, only as stated in Section 1h of the <b>Ready Schools, Safe Learners</b> guidance. <input checked="" type="checkbox"/> Inform parents/guardians of practical changes to transportation service (i.e., physical distancing at bus stops and while loading/unloading, potential for increased route time due to additional precautions, sanitizing practices, and face coverings). <input checked="" type="checkbox"/> Face coverings for all students, applying the guidance in section 1h of the <b>Ready Schools, Safe Learners</b> guidance to transportation settings. This prevents eating while on the bus. <input checked="" type="checkbox"/> Take all possible actions to maximize ventilation: Dress warmly, keep vents and windows open to the greatest extent possible.	<ul style="list-style-type: none"> <li>• COIC transportation is provided by Bend La Pine SD and follows BLP guidelines.</li> <li>• Buses are maintained by Bend La Pine School District (BLPSD). ## 2j. CLEANING, DISINFECTION, AND VENTILATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <li><input checked="" type="checkbox"/> Clean, sanitize, and disinfect frequently touched surfaces (e.g. door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) between uses multiple times per day. Maintain clean and disinfected (<a href="#">CDC guidance</a>) environments, including classrooms, cafeteria settings and restrooms. Provide time and supplies for the cleaning and disinfecting of high-touch surfaces between multiple student uses, even in the same cohort.</li> <li><input type="checkbox"/> Outdoor learning spaces must have at least 75% of the square footage of its sides open for airflow.</li> <li><input type="checkbox"/> Outdoor playground structures require normal routine cleaning and do not require disinfection. Shared equipment should be cleaned and disinfected at least daily in accordance with <a href="#">CDC guidance</a>.</li> <li><input checked="" type="checkbox"/> Apply disinfectants safely and correctly following labeling direction as specified by the manufacturer. Keep these products away from students.</li> <li><input checked="" type="checkbox"/> To reduce the risk of asthma, choose disinfectant products on the EPA List N with asthma-safer ingredients (e.g. hydrogen peroxide, citric acid, or lactic acid) and avoid products that mix these with asthma-causing ingredients like peroxyacetic acid, sodium hypochlorite (bleach), or quaternary ammonium compounds.</li> <li><input checked="" type="checkbox"/> Schools with HVAC systems must evaluate the system to minimize indoor air recirculation (thus maximizing fresh outdoor air) to the extent possible. Schools that do not have mechanical ventilation systems shall, to the extent possible, increase natural ventilation by opening windows and interior doors before students arrive and after students leave, and while students are present. Do not prop open doors that can pose a safety or security risk to students and staff (e.g., exterior doors and fire doors that must remain closed.)</li> <li><input checked="" type="checkbox"/> Schools with HVAC systems should ensure all filters are maintained and replaced as necessary to ensure proper functioning of the system.</li> <li><input checked="" type="checkbox"/> All intake ports that provide outside air to the HVAC system should be cleaned, maintained, and cleared of any debris that may affect the function and performance of the ventilation system.</li> <li><input checked="" type="checkbox"/> Consider running ventilation systems continuously and changing the filters more frequently. Do <u>not</u> use fans if they pose a safety or health risk, such as increasing exposure to pollen/allergies or exacerbating asthma symptoms. Consider using window fans or box fans positioned in open windows to blow fresh outdoor air into the classroom via one window, and indoor air out of the classroom via another window. Fans must not be used in rooms with closed windows and doors, as this does not allow for fresh air to circulate.</li> <li><input checked="" type="checkbox"/> Consider the need for increased ventilation in areas where students with special health care needs receive medication or treatments.</li> <li><input checked="" type="checkbox"/> Facilities must be cleaned and disinfected at least daily to prevent transmission of the virus from surfaces (see <a href="#">CDC's guidance on disinfecting public spaces</a>).</li> <li><input checked="" type="checkbox"/> Consider modification or enhancement of building ventilation where feasible (see <a href="#">CDC's guidance on ventilation and filtration</a> and <a href="#">American Society of Heating, Refrigerating, and Air-Conditioning Engineers' guidance</a>).</li> </ul>	<ul style="list-style-type: none"> <li>• Cleaning and sanitizing are performed daily, between the am and pm sessions and at the end of the day.</li>   <li>• COIC does not have playground equipment.</li>   <li>• COIC disinfection processes follow the most recent CDC guidelines.</li>   <li>• COIC follows CDC guidelines using products on the acceptable list.</li>   <li>• COIC follows CDC and ASHRAE guidelines. Vent system is set at 25% new air and MERV 11.</li>   <li>• COIC follows CDC guidance</li>   <li>• See CDMP</li>   <li>• COIC follows CDC and ASHRAE guidelines</li>   <li>• COIC follows guidance of Bend La Pine, LPHA, and family physician.</li>   <li>• See CDMP</li> </ul>

## 2k. HEALTH SERVICES

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> OAR 581-022-2220 Health Services, requires districts to “maintain a prevention-oriented health services program for all students” including space to isolate sick students and services for students with special health care needs. While OAR 581-022-2220 does not apply to private schools, private schools must provide a space to isolate sick students and provide services for students with special health care needs. <input checked="" type="checkbox"/> Licensed, experienced health staff should be included on teams to determine district health service priorities. Collaborate with health professionals such as school nurses; SBHC staff; mental and behavioral health providers; dental providers; physical, occupational, speech, and respiratory therapists; and School Based Health Centers (SBHC).	<ul style="list-style-type: none"> <li>• CDMP.</li> <li>• COIC personnel cooperates with referring school nurses, and each student’s personal health care providers.</li> </ul>

## 2I. BOARDING SCHOOLS AND RESIDENTIAL PROGRAMS ONLY

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Provide specific plan details and adjustments in Operational Blueprints that address staff and student safety, which includes how you will approach: <ul style="list-style-type: none"> <li>• Contact tracing</li> <li>• The intersection of cohort designs in residential settings (by wing or common restrooms) with cohort designs in the instructional settings. The same cohorting parameter limiting total cohort size to 100 people applies.</li> <li>• Quarantine of exposed staff or students</li> <li>• Isolation of infected staff or students</li> <li>• Communication and designation of where the “household” or “family unit” applies to your residents and staff</li> </ul> <input type="checkbox"/> Review and take into consideration <a href="#">CDC guidance</a> for shared or congregate housing: <ul style="list-style-type: none"> <li>• Not allow more than two students to share a residential dorm room unless alternative housing arrangements are impossible</li> <li>• Ensure at least 64 square feet of room space per resident</li> <li>• Reduce overall residential density to ensure sufficient space for the isolation of sick or potentially infected individuals, as necessary;</li> <li>• Configure common spaces to maximize physical distancing;</li> <li>• Provide enhanced cleaning;</li> <li>• Establish plans for the containment and isolation of on-campus cases, including consideration of PPE, food delivery, and bathroom needs.</li> </ul> <p><b>Exception</b>            K-12 boarding schools that do not meet the Advisory Metrics (Section 0 of the <b>Ready Schools, Safe Learners</b> guidance) may operate, in consultation with their Local Public Health Authority, provided that:</p> <input type="checkbox"/> They have a current and complete RSSL Blueprint and are complying with Sections 1-3 of the <b>Ready Schools, Safe Learners</b> guidance and any other applicable sections, including Section 2L of the <b>Ready Schools, Safe Learners</b> guidance. <input type="checkbox"/> The school maintains a fully-closed residential campus (no non-essential visitors allowed), and normal day school operations are only offered remotely through distance learning. <input type="checkbox"/> There have been no confirmed cases of COVID-19 among school staff or students in the past 14 days. <input type="checkbox"/> Less than 10% of staff, employees, or contractors (in total) are traveling to or from campus. Staff in this designation will: <ul style="list-style-type: none"> <li>• Limit travel to essential functions.</li> <li>• Carefully monitor their own health daily and avoid coming to campus at any potential symptom of COVID-19.</li> </ul>	

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Any boarding students newly arriving to campus will either: <ul style="list-style-type: none"> <li>• Complete a quarantine at home for 14 days* prior to traveling to the school, OR</li> <li>• Quarantine on campus for 14 days.*</li> </ul> <p>* A 14-day quarantine is the safest option to prevent the spread of COVID-19 to others. However, in either option above, for boarding students who have not developed any symptoms, schools may consider ending quarantine after 10 days without any testing, or after 7 days with a negative result on a COVID-19 viral test collected within 48 hours before ending quarantine, unless otherwise directed by the local public health authority (LPHA).</p> <input type="checkbox"/> Student transportation off-campus is limited to medical care.	

### 2m. SCHOOL EMERGENCY PROCEDURES AND DRILLS

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> In accordance with <a href="#">ORS 336.071</a> and <a href="#">OAR 581-022-2225</a> all schools (including those operating a Comprehensive Distance Learning model) are required to instruct students on emergency procedures. Schools that operate an On-Site or Hybrid model need to instruct and practice drills on emergency procedures so that students and staff can respond to emergencies. <ul style="list-style-type: none"> <li>• At least 30 minutes in each school month must be used to instruct students on the emergency procedures for fires, earthquakes (including tsunami drills in appropriate zones), and safety threats.</li> <li>• Fire drills must be conducted monthly.</li> <li>• Earthquake drills (including tsunami drills and instruction for schools in a tsunami hazard zone) must be conducted two times a year.</li> <li>• Safety threats including procedures related to lockdown, lockout, shelter in place and evacuation and other appropriate actions to take when there is a threat to safety must be conducted two times a year.</li> </ul> <input checked="" type="checkbox"/> Drills can and should be carried out <u>as close as possible</u> to the procedures that would be used in an actual emergency. For example, a fire drill must be carried out with the same alerts and same routes as normal. If appropriate and practicable, COVID-19 physical distancing measures can be implemented, but only if they do not compromise the drill. <input checked="" type="checkbox"/> When or if physical distancing must be compromised, drills must be completed in less than 15 minutes. <input checked="" type="checkbox"/> Drills shall not be practiced unless they can be practiced correctly. <input checked="" type="checkbox"/> Train staff on safety drills prior to students arriving on the first day on campus in hybrid or face-to-face engagement. <input checked="" type="checkbox"/> If on a hybrid schedule, conduct multiple drills each month to ensure that all cohorts of students have opportunities to participate in drills (i.e., schedule on different cohort days throughout the year). <input checked="" type="checkbox"/> Students must wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol after a drill is complete.	<ul style="list-style-type: none"> <li>• La Pine COIC, when feasible, maintains its pre-March 2020 fire drill schedule.</li> <li>• COIC staff run 1 fire drill per month when feasible.</li> <li>• Drills are conducted using social distancing.</li> <li>• Drills are conducted per am and pm cohorts.</li> <li>• Students hand sanitize after drills.</li> </ul>

### 2n. SUPPORTING STUDENTS WHO ARE DYSREGULATED, ESCALATED, AND/OR EXHIBITING SELF-REGULATORY CHALLENGES

OHA/ODE Requirements	Hybrid/Onsite Plan

## ASSURANCES

*This section must be completed by any public school that is providing instruction through On-Site or Hybrid Instructional Models. Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.*

*This section does not apply to private schools.*

- We affirm that, in addition to meeting the requirements as outlined above, our school plan has met the collective requirements from ODE/OHA guidance related to the 2020-21 school year, including but not limited to requirements from:
- Sections 4, 5, 6, 7, and 8 of the [Ready Schools, Safe Learners](#) guidance,
  - The [Comprehensive Distance Learning](#) guidance,
  - The [Ensuring Equity and Access: Aligning Federal and State Requirements](#) guidance, and
  - [Planning for COVID-19 Scenarios in Schools](#)
- We affirm that we cannot meet all of the collective requirements from ODE/OHA guidance related to the 2020-21 school year from:
- Sections 4, 5, 6, 7, and 8 of the [Ready Schools, Safe Learners](#) guidance,
  - The [Comprehensive Distance Learning](#) guidance,
  - The [Ensuring Equity and Access: Aligning Federal and State Requirements](#) guidance, and
  - [Planning for COVID-19 Scenarios in Schools](#)

We will continue to work towards meeting them and have noted and addressed which requirement(s) we are unable to meet in the table titled "Assurance Compliance and Timeline" below.
