

Hi all,

I'm writing to express interest in (sharing) the Health seat on the Housing for All council.

As a nonprofit community health center, Mosaic serves 27,000 patients, has 15 different clinics and is the largest provider for both OHP and uninsured patients in Central Oregon. Mosaic board of directors and leadership have prioritized housing as a key social determinant of health issue for Mosaic's regional collaborative and advocacy efforts. We know lack of housing and unhealthy housing is a significant factor affecting our patients' and community's health in general.

I'm on the senior leadership team at Mosaic and can represent that leadership perspective for Mosaic on this group. I am also a board member of Central Oregon FUSE and am on the COHC Stable Housing and Supports RHIP group. I was also just recently invited to participate in the County/City of Bend Emergency Taskforce on Homelessness.

Let me know if you need anything else from me.

Best,  
Elaine Knobbs-Seasholtz  
Director, Strategy & Development
