

Addendum 3
to
COIC Request for Quotes CET 21-14
High Floor Dial A Ride Buses

January 10, 2022

To: ALL REGISTERED VENDORS AND TO WHOM IT MAY CONCERN
From: Drew Orr, COIC Single Point of Contact
RE: ADDENDUM 3

All vendors are to accept the information contained herein as an official document of Central Oregon Intergovernmental Council.

This Addendum includes responses to questions and requests submitted to COIC as mid- day 1/10/22.

This Addendum modifies the original Request for Qualifications as noted below and shall be incorporated into the Contract Documents. All other provisions of the RFQ CET 21-14, released December 16, 2021, not already modified by any addenda previously issued, shall remain unchanged.

Question #	Question	COIC's Answer
Emailed to COIC on or before 1/6/22		
7	<p>Our manufacturer has reached out asking for clarification on what the delay timer will be used for. There question is regarding the request for: AC/DC industries Model MZL-90SC Delay timer (or equivalent) mounted next to electrical panel. For the timer delay, what functions are going to be on the delay circuit? Our Flex Tech electrical system allows us to program specified circuits for delayed shut off. That way, we don't have to install an expensive, after-market timer.</p>	<p>Two-way radio, peplink, e-fare reader, Mobile Data Terminal, Auto passenger counter</p>
