RFP CET 23-05: Transit Asset Management System
Addendum 3: Responses to Vendor Submitted Questions

Prepared by: Kimberly Banner, Executive Coordinator
Date: January 8, 2024

NOTICE

The following questions were asked by Jeff Glatus from trackAsset. Please see the questions and responses from COIC in RED.

1. Are you able to share your approximate budget for this project? COIC does not share it's budget before awarding the procurement. COIC received an ODOT grant for this project.

2. Are you planning to replace your current Mitchell 1 software with another maintenance software program? Yes

3. What software will support your "paperless shop?" That is the purpose of this RFP.

4. Will the new asset management solution replace the preventative maintenance scheduling and workshop functions currently performed by Mitchell 1? Yes

5. Can you further explain what you have in mind for mechanic/driver tracking? COIC is not interested in Telematics. COIC is interested in work order tracking and asset management.
