Section 1: PROPOSAL REQUIREMENTS AND CONDITIONS

1.1 COIC reserves the right to make changes to the solicitation. All changes to the RFP, prior to receipt of proposals, shall be made by an addendum to the RFP, which shall be made available to all firms that have registered for this RFP via the contact information provided in Section 1.2. Following receipt of proposals, any changes to COIC's RFP will be posted to the website by COIC to those PROPOSERS determined to be in the competitive range.

1.2 PROPOSERS must register for written communication about this RFP, submit questions, request clarification, request equal substitutions, or request a change to the RFP no later than the Deadline to Submit Questions, Request for Clarification, Request for Changes, Request for Approved Equals by emailing a written request to Kimberly Howell, COIC Executive Coordinator, at khowell@coic.org. The request shall specify the provision of the RFP in question, and, if a change is requested, contain an explanation for the requested change. COIC may decline to respond to questions or change requests received after the Deadline to Submit Questions, Request for Clarification, Request for Changes, or Request for Approved Equals.

1.3 COIC shall evaluate any question or request submitted but reserves the right to determine whether to respond or accept the requested change. PROPOSERS shall not rely on oral or written representations regarding this RFP unless issued in writing as an addendum by Kimberly Howell, COIC Executive Coordinator.

1.4 PROPOSERS are cautioned that until submission of their proposal, they may have contact with only the COIC representative designated in writing within this RFP. Discussions or communications in any capacity with COIC Managers, COIC employees, other PROPOSERS, or members of the Board of Directors are strictly prohibited. Any violation of this restriction may result in the disqualification of the PROPOSER from further participation in this procurement and from award of any contract or subcontract under this solicitation.

1.5 Paragraph headings and other titles used in this solicitation are for convenience only and are not to be used for interpretation.

1.6 COIC reserves the right to analyze, examine, and interpret any proposal for a period of no more than sixty (60) days, commencing from the Proposal Submission Deadline. Proposals shall not be conditioned to allow for less than a sixty (60) day acceptance period.

1.7 A proposal is late if COIC receives it after the deadline stated in this RFP for the delivery of proposals. A proposal shall be deemed received by COIC when the COIC Executive Coordinator has received the email. Delays due to technical issues, including but not limited to COIC's internal email handling, will not excuse late delivery of a proposal.

1.8 A PROPOSER may submit more than one proposal. Each proposal must be submitted separately, and each shall be complete in all respects. COIC will evaluate each area of each proposal without reference to other proposals submitted by the same PROPOSER. If more than one proposal falls within the competitive range, COIC may negotiate with the PROPOSER regarding all of them simultaneously.

1.9 COIC reserves the right to award portions of this procurement opportunity to separate PROPOSERS if it is in its interest to do so.

1.10 COIC reserves the right to cancel this solicitation at any time without liability prior to execution of a contract by COIC.

1.11 COIC reserves the right to waive minor irregularities and omissions if the best interest of COIC will be served by doing so. If any proposal indicates minor noncompliance or variance with the RFP, COIC may, but need not, request that the proposal be supplemented. If requested, the PROPOSER may submit a supplement to the proposal responsive to such a request within the time period established in such request, which COIC will receive and evaluate in conjunction with the proposal. Supplements shall not be considered to be Best and Final Offers unless so indicated.

1.12 PROPOSER shall promptly notify the COIC Executive Coordinator in the manner described in Section 1.2 of any ambiguity, inconsistency, or error, which they discover upon examination of this solicitation.

1.13 Proposals shall be prepared simply and economically, providing a straightforward, concise description of the PROPOSER's capabilities to satisfy the requirements of the RFP. Submission of technical literature, display charts, or other supplemental materials is the responsibility and within the discretion of the PROPOSER. Unnecessarily elaborate submissions beyond those sufficient to present a complete and effective response to this solicitation are neither necessary nor required. PROPOSERS are cautioned not to minimize the importance of an adequate response in any area.

1.14 COIC shall evaluate proposals for award purposes by including the total price for the basic requirement together with any option pricing (i.e., option pricing) will be included in the evaluation for award purposes. Optional items shall not necessarily be purchased under this solicitation.

1.15 If this contract is funded in part by the Deschutes County's 5310 2022-2024 Discretionary Fund or the Statewide Transportation Improvement Fund (STIF) Plan, PROPOSER will comply with the guidelines established by Oregon Revised Statutes (ORS) 391.800 and 391.830 and Oregon Administrative Rules (OAR) Chapter 732.

1.16 Prior to award of any contract as a result of this solicitation, COIC, at its sole discretion, may perform, or have performed, a pre-award accounting system review to ascertain the PROPOSER's ability to accurately accumulate and bill program costs under any resulting contract. COIC shall be responsible for only its own costs associated with the pre-award accounting system review. The PROPOSER, by submission of a proposal, agrees to assist COIC or its designated representative(s) in performing the pre-award accounting system review.

1.17 Whenever a particular make of material is shown or specified herein, such make of material shall be regarded as a standard. Any other make of material will be accepted, upon COIC's Executive Coordinator's approval, which is comparably equal to or better than, that specified in formulation, quality, quantity, workmanship, economy in operation, and suitability for the purpose intended.

COIC

1.18 PROPOSER may seek administrative remedies under Cascades East Transit Procurement Protest Procedures shown in Exhibit H ("CET Procurement Protest Procedure").

1.19 By submitting a proposal, PROPOSERS certify that they have all requisite authority to perform the work solicited herein.

1.20 COIC shall not, in any event, be liable for any pre-contractual expenses incurred by PROPOSER in the preparation of a proposal. Pre-contractual expenses are defined as expenses incurred by the PROPOSER in: (i) preparing its proposal in response to the RFP; (ii) submitting the proposal to COIC; (iii) negotiating any matter related to this proposal with COIC; (iv) PROPOSER staff time involved in pre-award accounting system review; or (v) any other expenses incurred by the PROPOSER prior to the date of award, if any, of the proposed contract.

The PROPOSER is responsible for ascertaining and paying the taxes when due. The total proposed price shall include compensation for all taxes the PROPOSER is required to pay by laws in effect on the Proposal Submission Deadline.

COIC

Section 2: PROPOSAL EVALUATION AND AWARD

2.1 COIC will award this contract based on the responsiveness of the actual proposals received to the requirements established in the RFP, considering qualifications, experience, resources, proposed services, PROPOSERS' past record of performance, and other relevant factors, as well as responses received from references, interviews, post-RFP submissions, and follow-up questions, if any. Each proposal will be evaluated by COIC's evaluation committee on the basis of the process and scoring established in Section 2.4. Based upon evaluation of the submitted proposals, the evaluation committee may choose to conduct further interviews or discussions with two or more proposers with the highest-scored proposals, as described in Section 2.5.6. Any Interviews may include a requirement for a presentation by the proposer and questions from COIC regarding the proposal and services to be provided. Specific criteria for selection interviews, if any, will be distributed at the time interviews are scheduled.

2.2 Proposals shall be prepared simply and economically, providing a straightforward, concise description of the PROPOSER's capabilities to satisfy the requirements of the RFP. Submission of technical literature, display charts, or other supplemental materials is the responsibility and within the discretion of the PROPOSER.

2.2.1 PROPOSERS are cautioned not to minimize the importance of an adequate response in any area.

2.2.2 Technical proposal documents shall be sectionalized with titles matching the evaluation criteria categories described in Section 2.4.

2.3 COIC will consider all of the PROPOSER's materials to determine whether the PROPOSER's proposal complies with the terms and conditions set forth in this RFP. PROPOSERS must submit all required information in the manner described, unless otherwise waived by COIC, in order for the Proposal to be considered responsive. Any exceptions, conditions, substitutions of equals, reservations or understandings that are explicitly stated on the required form "Form for Proposal Deviation" in Exhibit A will be evaluated for their acceptability. Unacceptable exceptions, conditions, substitutions of equals, reservations or understandings, if not withdrawn by the PROPOSER upon request by COIC, would be cause for the proposal to be rejected.

2.4 Proposal evaluation and scoring will be based on the following criteria:

Section	**Possible Points**
Program Design and Service Approach	25
Vehicle Specifications	15
Marketing and Outreach Plan	10
Data Management, Recordkeeping, and Reporting	10
PROPOSER Experience and References	20
SUBTOTAL	
Cost Competitiveness and Value Price Proposal points will be mathematically calculated based upon the reasonableness of the proposed total cost for years 1-5 on Attachment 2 (hereinafter referred to as "price") for the work to be	20

performed and the competitiveness of the price with other proposals received.	
TOTAL	**100**

2.5 **Evaluation Procedure**

2.5.1 An Evaluation Committee will be appointed by the Transportation Director or designee to evaluate proposals.

2.5.2 The Evaluation Committee shall review, score, and rank the combination of Proposals and Virtual Demonstration/Interviews according to the Scoring Criteria set forth in Section 2.4. The Evaluation Committee shall then recommend contract award to the responsive, responsible PROPOSER submitting the proposal, meeting the minimum requirements, deemed the best value to COIC by the Evaluation Committee. Proposal must address each of the items listed in this section and all other requirements set forth in this RFP. PROPOSER shall describe the Goods to be provided or the Services to be performed or both. A Proposal that merely offers to provide the Goods or Services as stated in this RFP may be considered non-Responsive to this RFP and will not be considered further.

2.5.3 Only those proposals that meet the technical specifications provided herein, with acceptable deviations, will be considered for award. An initial screening of proposals for responsiveness, and to verify that minimum COIC requirements are met will be undertaken, COIC will reject as non-responsive any proposal that does not include all required documents or meet the minimum requirements, and no further evaluation of non-responsive proposals will be performed. COIC may reject any proposal not in compliance with the proposal procedures set forth in this RFP or Oregon law and may reject for good cause any and all proposals upon COIC's finding that it is in the public interest to do so.

2.5.4 The successful PROPOSER must equal or exceed the General Standards of Bidder Responsibility criteria set forth in Exhibit C and be able to show evidence of background of such. COIC, in its sole discretion, shall determine whether PROPOSER is a “Responsible Bidder” and meets the standards set forth in ORS 279B.110 and ORS 279B.130. COIC reserves the right to investigate the qualifications of all PROPOSERS under consideration and to confirm any part of the information furnished by a PROPOSER, or to require other evidence of managerial, financial, or technical capabilities considered necessary for the successful performance of the work. The committee shall evaluate and score responsive proposals based on the Proposal Evaluation Criteria described in Section 2.4. The committee shall then determine whether acceptance of the most favorable initial proposal without discussion is appropriate, or whether discussion should be conducted with all responsive PROPOSERS.

2.5.5 COIC reserves the right to make changes to the solicitation during discussions or negotiations. In evaluating the proposals and selecting a contractor, COIC reserves the rights to: (i) reject any and all proposals; (ii) issue subsequent RFPs for the same or similar

goods or services; (iii) not award a contract for the requested services; (iv) award multiple contracts if necessary to achieve the objective of the RFP; (v) waive any irregularities or informalities; (vi) accept the proposal which COIC deems to be the most beneficial to COIC and its constituent agencies; (vii) negotiate with any PROPOSER to further amend, modify, redefine, or delineate its proposal; (viii) negotiate and accept, without re-advertising, the proposal of the next-highest scored PROPOSER, in the event that a contract cannot be successfully negotiated with the selected PROPOSER; (ix) further question any PROPOSER to substantiate claims of experience, background knowledge, and ability. Any changes to the RFP shall be distributed to all responsive PROPOSERS.

2.5.6 **Follow-Up Questions and Discussions**

2.5.6.1 COIC reserves the right to seek clarification as needed to understand the PROPOSER's Proposal.

2.5.6.2 If the committee elects to enter into discussions with responsive PROPOSERS, each responsive PROPOSER will be allowed to submit a final supplement denominated the "Best and Final Offer (BAFO)" at the close of discussions/negotiations. Any changes to the PROPOSER's initial technical or price proposals, including any issues addressed in discussions, must be submitted in writing in the BAFO in order to be considered by the committee. The committee will evaluate the BAFOs utilizing the evaluation criteria set forth under Section 2.5 and make a recommendation for award.

2.5.7 COIC reserves the right to investigate the qualifications of all PROPOSERS under consideration and to confirm any part of the information furnished by a PROPOSER, or to require other evidence of managerial, financial, or technical capabilities, which are considered necessary for the successful performance of the work. COIC reserves the right to visit sites where the PROPOSER has performed work of a similar nature and/or visit the PROPOSER's work facility during the evaluation period.

2.5.8 If award determination is made based upon the most favorable initial proposal(s), the committee reserves the right to perform or have performed a cost analysis of the apparent successful proposal(s) before determining to proceed with a recommendation for award. Allowable costs will be determined in accordance with Federal Acquisition Regulations.

2.5.9 If COIC is unable to make a determination of the best proposal based upon the Proposal Evaluation Criteria, COIC may invite up to three (3) proposers to proceed to an interview stage. If further stages are required, the method adopted for the further stage may be used as the sole method for selecting the PROPOSER.

2.5.10 If only one proposal is received in response to this RFP and it is found by COIC to be acceptable, a detailed price/cost proposal may be requested of the single PROPOSER. A price or cost analysis, or both, possibly including an audit, may be performed by or for COIC, of the detailed price/cost proposal in order to determine if the price is fair and

reasonable. The PROPOSER has agreed to such analysis by submitting a proposal in response to this RFP. A price analysis is an evaluation of a proposed price that does not involve an in-depth evaluation of all the separate cost elements and the profit factors that comprise a PROPOSER's price proposal. It should be recognized that a price analysis through comparison to other similar procurements must be based on an established or competitive price of the elements used in the comparison. The comparison must be made to a purchase of similar services, involving similar specifications and in a similar time frame. Where a difference exists, a detailed analysis must be made of this difference and costs attached thereto. Where it is impossible to obtain a valid price analysis, it may be necessary to conduct a cost analysis of the proposed price. A cost analysis is a more detailed evaluation of the cost elements in the PROPOSER's submission. It is conducted to form an opinion as to the degree to which the proposed costs represent what the PROPOSER's performance should cost. A cost analysis is generally conducted to determine whether the PROPOSER is applying sound management in proposing the application of resources to the contracted effort and whether costs are allowable, allocable, and reasonable. Any such analyses and the results therefrom shall not obligate COIC to accept such a single proposal, and COIC may reject such proposal at its sole discretion.

2.5.11 COIC's Executive Director shall have full authority over COIC's source selection and decision to award.

2.5.12 COIC shall provide all PROPOSERS, successful and unsuccessful, with a written notice of intent to award within the time for acceptance specified in the proposal. Any work performed or expenses incurred by the PROPOSER prior to the PROPOSER's receipt of a purchase order shall be entirely at the PROPOSER's risk.

2.5.13 The RFP is not a contract and alone, shall not be interpreted as such. Rather, this RFP only serves as the instrument through which proposals are solicited. COIC will pursue negotiations with the PROPOSER whose proposal scores highest. If, for whatever reason, COIC and the initial proposer fail to reach consensus on the issues relative to a contract, then COIC may commence contract negotiations with other proposers. COIC may decide at any time to suspend the current RFP process and start the RFP process again.

2.5.14 COIC reserves the right to withdraw the RFP altogether if it is the best interest of COIC to do so.

2.5.15 COIC reserves the right, pursuant to ORS 279B.110 and OAR 137-047-0640(1)(c)(F), to investigate and evaluate, at any time prior to award and execution of the Agreement, the apparent successful PROPOSER's responsibility to perform the Agreement. PROPOSER's submission of a signed Offer shall constitute PROPOSER's authorization for COIC to obtain, and PROPOSER's agreement to produce for COIC's review and copying, any information COIC deems necessary to conduct the evaluation. COIC shall notify the apparent successful PROPOSER, in writing, of any other documentation required, which may include, but is not limited to: (i) recent profit-and-loss history; (ii) current balance

statements; (iii) assets-to-liabilities ratio, including number and amount of secured versus unsecured creditor claims; (iv) availability of short and long-term financing; (v) bonding capacity; (vi) credit information; materials/equipment/inventory; (vii) facility and personnel information; (viii) record of contract performance; or (ix) any other documentation COIC determines relevant to this solicitation. COIC may reject a Proposal, if PROPOSER fails promptly to provide this information. COIC may postpone the award of the Price Agreement after announcement of the apparent successful PROPOSER in order to complete its investigation and evaluation. Failure of the apparent successful PROPOSER to demonstrate Responsibility, as required under ORS 279B.110 and OAR 137-047-0640(1)(c)(F), shall render the PROPOSER non-responsible and shall constitute grounds for Proposal Rejection.

COIC

Section 3: GENERAL PROVISIONS

3.1 Type of Contract: Compensation for this contract will be fixed price per vehicle. The contract will operate on a base period of one (1) year with four (4) additional one-year renewal options, to be exercised at COIC's sole discretion.

3.2 COIC will pay selected PROPOSER the unit prices set forth in the contract.

3.3 COIC reserves the right to introduce additional terms and conditions at the time the final Agreement is negotiated. Any additional terms and conditions would be limited to those having the effect of clarifying the RFP language and correcting defects, such as omissions or misstatements, which are discovered after the RFP is issued.

3.4 COIC shall pay the selected PROPOSER, upon the submission of proper invoices and deliverables, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract. COIC shall pay the selected PROPOSER within thirty (30) days of the receipt of a proper invoice.

3.4.1 Notwithstanding any other additional requirements of this contract, invoices shall contain the date, goods or services furnished, and a description of the goods furnished. All invoices shall be submitted to the following address:

Central Oregon Intergovernmental Council
Attn: Accounts Payable
1250 NE Bear Creek Rd
Bend, Oregon 97701
accounting@coic.org

Failure strictly to comply with this provision may result in a delay in payment.

3.5 The selected PROPOSER shall maintain, and COIC, or an authorized representative of COIC, shall have the right to examine and audit all records and other evidence sufficient to reflect properly all costs claimed to have been incurred or anticipated to be incurred directly or indirectly in performance of this contract. This right of examination shall include inspection at all reasonable times and places engaged in performing the contract. Records shall be maintained in alignment with Exhibit K (FTA Regulations and Required Third-Party Clauses) of this solicitation.

3.6 If the selected PROPOSER has been required to submit cost or pricing data in connection with any pricing action relating to this contract, COIC, or an authorized representative of COIC, in order to evaluate the accuracy, completeness, and currency of the cost or pricing data, shall have the right to examine and audit all of the PROPOSER's records, including computations and projections, related to: (i) the proposal for the contract, subcontract, or modification; (ii) the discussions conducted on the proposal(s), including those related to negotiating; (iii) pricing of the contract, subcontract, or modification; or (iv) performance of the contract, subcontract, or modification.

3.7 The selected PROPOSER shall make available at its office at all reasonable times the records, materials, and other evidence required for both PROPOSER and COIC to comply with all

regulations and requirements governing COIC, CET, or the fulfillment of services detailed in this solicitation.

3.8 To the fullest extent permitted by law, PROPOSER agrees fully to indemnify, hold harmless, and defend COIC, its directors, officers, and employees from and against all claims, damages, losses, attorney fees and expenses incidental to the investigation and defense thereof, based upon or arising out of or incidental to damages or injuries to persons or property, caused by the fault or negligence in whole or in part of PROPOSER, its agents, contractors, subcontractors, or employees from the performance of the work.

3.8.1 This indemnity shall survive the termination of this Contract or final payment hereunder. This indemnity is in addition to any other rights or remedies which COIC and the other parties to be indemnified may have under the law or under this Contract. In the event of any claim or demand made against any party which is entitled to be indemnified hereunder, COIC may in its sole discretion reserve, retain, or apply any monies due to the selected PROPOSER under the contract for the purpose of resolving such claims; provided, however, that COIC may release such funds if the selected PROPOSER provides COIC with adequate assurance of the protection of COIC's interests. COIC shall be the sole judge of whether such assurances are adequate.

3.9 It is understood and acknowledged that the Agreement is not a contract of employment between COIC and the selected PROPOSER, or any agents, officers, or employees of PROPOSER. Selected PROPOSER is, and shall at all times be, deemed to be an independent contractor. Selected PROPOSER is not authorized to bind COIC to any contracts or other obligations. Selected PROPOSER is not an agent or employee of COIC and shall at no time represent itself to be such agent or employee. Neither selected PROPOSER nor any of its employees or subcontractors shall be entitled to any benefits accorded to COIC employees, including but not limited to workers compensation, disability insurance, unemployment compensation, retirement benefits, vacation, or sick leave. Selected PROPOSER is an independent contractor for all purposes and is not entitled to compensation from COIC other than that provided by this contract. Selected PROPOSER shall inform COIC of PROPOSER's Federal Internal Revenue Service Employer Identification Number, or, if PROPOSER is an individual with no employer identification number, PROPOSER's Social Security Number. The selected PROPOSER and its officers, employees, and agents are not officers, employees, or agents of COIC as those terms are used in ORS 30.265. The selected PROPOSER, its employees, or its officers shall not hold themselves out either explicitly or implicitly as officers, employees, or agents of COIC for any purpose whatsoever, nor are they authorized to do so.

3.9.1 Selected PROPOSER shall provide and pay for all labor, materials, equipment, utilities, and other goods or services necessary for full contract performance unless this contract specifically provides otherwise. Selected PROPOSER shall supervise and direct contract performance using its best skill and shall be responsible for selecting the means of contract performance. If, during or after the term of this contract, selected PROPOSER learns of any actual or potential defect in the goods provided under this contract, of any problem associated with the results of contract performance, or of any nonconformance

with a provision of this contract or of Federal, state, or local law, selected PROPOSER shall inform COIC immediately in writing with a full description of the defect, problem, or nonconformance.

3.10 COIC must adhere to and be in conformance with the State Statutes (primarily section ORS 279), the Attorney General Model Rules, and the COIC adopted Procurement Policy. In this regard, all protests/disputes will be subject to these rules and policy. Termination or other disputes which may result in judicial review are subject to Sections ORS 279B.400, 279A.065 as applicable, and Attorney General Model Rules Section 137-047-700 (Legal remedies) "Protests and Judicial Review of Special Procurement." These rules state that before seeking judicial review of termination action, or other action, that the affected PROPOSER must file a written protest directed to COIC and must exhaust all administrative remedies. Should any dispute arise between the parties concerning this contract which is not resolved by mutual agreement, it is agreed that it will be submitted to mediated negotiation prior to any party commencing litigation. In such an event, the parties to this contract agree to participate in good faith in a non-binding mediation process. The mediator shall be selected by mutual agreement of the parties, but in the absence of such agreement each party shall select a temporary mediator, and those mediators shall jointly select the permanent mediator. All costs of mediation shall be borne equally by the parties.

3.11 In performing its obligations under this contract, the selected PROPOSER agrees to comply with all applicable state laws including, without limitation, ORS 279B.020, 279B.220 -279B.240, each of which is incorporated herein by reference. In the event of any conflict between the provisions of this contract and the foregoing state statutes, the state statutes shall control. Not every requirement of the foregoing state statutes will apply in each instance to the performance of each party under this particular contract. The nature of the obligations of a party under this contract will determine which requirements of state law will apply. Requirements that do not apply will not be enforced.

3.13 Notwithstanding any safety provisions elsewhere in this contract, and in addition to PROPOSER's own safety procedures, selected PROPOSER shall implement and enforce all safety requirements that are known standards in the industry and/or that are required by COIC.

3.16 Opportunity to Cure: COIC in its sole discretion may, in the case of a termination for breach or default, allow the selected PROPOSER ten (10) days in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions. If selected PROPOSER fails to remedy to COIC's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by selected PROPOSER of written notice from COIC setting forth the nature of said breach or default, COIC shall have the right to terminate the Contract without any further obligation to selected PROPOSER. Any such termination for default shall not in any way operate to preclude COIC from also pursuing all available remedies against selected PROPOSER and its sureties for said breach or default.

3.17 Waiver of Remedies for any Breach: In the event that COIC elects to waive its remedies for any breach by selected PROPOSER of any covenant, term, or condition of this Contract, such waiver by COIC shall not limit COIC's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

3.18 Selected PROPOSER shall maintain a complete set of records relating to this Contract in accordance with generally accepted accounting procedures. Selected PROPOSER shall permit the authorized representatives of COIC, the Oregon Department of Transportation, the Oregon

The term "subcontract" as used in this Section excludes: (i) purchase orders not exceeding $10,000.00; and (ii) subcontracts or purchase orders for public utility services at rates established for uniform applicability to the general public.

3.18.2 The periods of access and examination described under Sections 3.18 and 3.18.1 are for records that relate to: (i) disputes between COIC and selected PROPOSER; (ii) litigation or settlement of claims arising out of the performance of this Contract; or (iii) costs and expenses of this Contract as to which exception has been taken by the Comptroller General or any of his or her duly authorized representatives, shall continue until all disputes, claims, litigation, appeals, and exceptions have been resolved.

3.19 Agreement shall be construed and enforced pursuant to the laws of the State of Oregon. Venue for any suits brought under Agreement shall be exclusively vested in the State Courts of the County of Deschutes, or where otherwise appropriate, exclusively in the United States District Court, Eugene, Oregon. The federal statutes, ORS 279 statutes, and the Oregon State Attorney General's Model Public Contract Rules are applicable to this work. If there are any conflicts between federal and state regulations, federal laws, rules, and regulations shall govern and prevail on this project (ORS 279A.030).

3.20 During the term of this contract, the selected PROPOSER shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, age, disability, or national origin.

3.21 The validity, legality, or enforceability, in whole or in part, of any provision of Agreement shall not affect or impair the validity, legality, or enforceability of other provisions. If any of the provisions contained in this contract are held by a court of law or arbitrator to be illegal, invalid, or unenforceable, the enforceability of the remaining provisions shall not be impaired, and the parties shall negotiate an equitable adjustment of this contract so that the purposes of this contract are affected. All provisions concerning indemnity survive the termination or expiration of this contract for any cause.

3.24 Selected PROPOSER agrees that they shall not assign, sell, transfer, or sublet any rights or delegate or subcontract any responsibilities under this contract, in whole or in part, without the expressed written consent of COIC.

3.25 If this contract is for the supply of goods or equipment, then COIC shall be deemed to have accepted goods only after the goods have been delivered by selected PROPOSER, and COIC has had a reasonable opportunity after delivery to inspect the goods. Prior to acceptance, COIC may reject any goods that fail to conform to the requirements of this contract. COIC may revoke its acceptance of goods that fail to conform to this contract if the failure to conform was not reasonably discoverable by ordinary preacceptance inspection or evaluation. Acceptance may be revoked under this Paragraph even if COIC has started using the goods before discovering that they do not conform to the contract. Upon request by COIC, selected PROPOSER shall replace or repair to COIC's satisfaction any goods that have been rejected by COIC or the acceptance of which has been revoked by COIC under this Paragraph. Failure to replace or repair those goods within a reasonable time after COIC's request shall be a material breach of this contract.

3.26 Selected PROPOSER will comply with all applicable federal, state, and local laws, regulations, and ordinances. Selected PROPOSER will obtain and maintain any and all licenses, permits, registrations, and other governmental authorizations required to conduct its business and perform the services described in the Scope of Work.

CET's vanpool program provides an alternative commuting option to qualified passengers throughout Central Oregon. More details about CET's vanpool services can be found at https://cascadeseasttransit.com/vanpool/.

4.2 Project Overview

For the purposes of this solicitation, vanpool is defined as follows and the following requirements shall apply to the subsequent contract: (i) a vanpool consists of a group of individuals who agree to share the ride to work; (ii) to be eligible for federal subsidies the vanpool must have a minimum of four (4) adult commuters, including the driver; (iii) the vanpool driver is a volunteer from within the group using the van for transportation to/from work; (iv) the vanpool driver shall not be paid a wage by the vanpool group, their employer, or any third party in exchange for driving the van; and (v) all vanpools must be open to the public should any person desire to ride in a vanpool serving their work trip commute (space permitting).

4.3 Existing System

Cascades East Transit currently provides a vanpool option to qualifying commuters in Central Oregon. The vehicle, insurance, roadside assistance, and carpool matching are all provided to the vanpool group through this service. The vanpool driver is a volunteer from within the group who is authorized to drive the van. Vanpools are open to any member of the public who desires to ride in a vanpool serving their work trip commute (subject to space permitting availability).

4.4 General Requirements

Through this solicitation, COIC seeks service proposals from experienced and qualified PROPOSERS capable of delivering a professionally managed vanpool program that includes, at a minimum: (i) provision and leasing of vanpool vehicles; (ii) vehicle maintenance and roadside assistance; (iii) insurance coverage; (iv) driver screening and support; (v) program administration and customer service, including carpool matching; (vi) performance monitoring and reporting in alignment with CET's needs and National Transit Database (NTD) requirements; and (vii) compliance with applicable federal and state regulations.

The selected PROPOSER must support existing vanpools and the creation of new vanpools within the CET service area. The vanpools will operate on the schedule determined by the commuters and will provide commuters with a reliable, economical transportation option where bus or other public transportation might not be available or convenient. Vanpool vehicles must have a seating

The selected PROPOSER may also include value-added services such as program marketing and outreach, employer partnership development, rider recruitment support, mobile applications for trip and vehicle management, and enhanced reporting capabilities.

4.5 Project Management, Implementation, and Compliance

The vehicle must be filled to at least fifty (50) percent capacity, excluding the driver (e.g., in a 7-passenger vehicle, at least three adult passengers and the driver must be traveling in the vehicle). If a van pool has fewer than the minimum number of riders on any given trip, that trip does not count toward the fifty (50) percent of the 80/50 rule. Vanpool participants must ride in the van pool at least fifty (50) percent of their eligible working days each month in order to receive the monthly benefit.
- All vanpool members must pay the same rate for the same vanpool services.

Exhibit H: CET Procurement Protest Procedures

Under certain circumstances, an interested party to a procurement may protest to COIC the award of a contract, which may or may not involve the direct application of public funds. COIC will make protest procedures accessible to bidding parties. These procedures are intended to ensure that valid complaints are properly handled and responded to. These procedures apply to all types of procurement actions, including sealed bids, requests for proposals, etc.

The term protest is utilized to describe the controversies that arise usually during the contract information process as an objection to a contract award or to a decision on a specific bid. The protests are challenges to actual or proposed actions of the contracting officers on specific procurements. These objections are brought by offerors, prospective offerors, or other interested parties who contend that they have been improperly treated in the procurement process. All protests must be submitted in writing.

COIC Level One Protest Procedures – General Conditions

COIC's review of any protest will be limited to violations of state or local laws or regulations, violations of COIC's purchasing procedures, violations of COIC's protest procedures, or failure to review a complaint or protest. Protests based on restrictive or severely defective specifications, or improprieties in any type of solicitations that are apparent prior to bid opening or closing date for proposals, must be received by COIC within a reasonable time in advance of scheduled bid opening but no later than 5 days after receipt of the RFP/IFB by the proposer/bidder. All other protests must be received by COIC within 5 days of the action on which the protest is based.

The initial protest filed with COIC shall be in writing and shall:

(b) Include the name, address, and telephone number of the protestor and the name of a contact person.
(c) Identify the number, date, and description of the solicitation.
(d) Contain a statement of the grounds for protest and any supporting documentation. The grounds for the
(e) protest must be supported to the fullest extent feasible. Additional materials in support of an initial
(f) protest will be considered only if filed within the time limits specified.
(g) Indicate the ruling or relief desired from COIC.

A protest may be considered, even if the initial filing is late, under the following circumstances:

a) Good cause based on compelling reasons beyond the protestor's control, whereby the tardiness is due to the fault of COIC in the handling of his/her protest submission.
b) COIC determines the protest raised issues significant to a procurement practice or procedure.
c) COIC is directed by a relevant grantee to either consider or reconsider a protest.
d) A court of competent jurisdiction expresses interest in COIC's decision.

No formal briefs or other technical forms of pleading or motion are required, but a protest and other submissions should be concise, logically arranged, clear, and legible. Any additional information requested or required by COIC from the protestor, or interested parties shall be submitted as expeditiously as

possible, but in no case later than five (5) days after the receipt of such request unless specifically stated by COIC.

Confidentiality

Materials submitted by a protestor will not be withheld from any interested party outside of COIC or from any government agency that may be involved in the protest, except to the extent that the withholding of information is permitted or required by law or regulation. If the protestor considers that the protest contains proprietary materials that should be withheld, a statement advising of this fact may be affixed to the front page of the protest document and the alleged proprietary information must be so identified wherever it appears.

Furnishing of Information on Protests

COIC shall, upon request, make available to any interested party, information bearing on the substance of the protest, including:

(a) Any other documents that pertain to the protest, including correspondence with the bidders.
(b) A statement by COIC explaining its actions and the reasons for them.

A conference on the merits of the protests with members of COIC protest review panel (defined below) may be held at the request of the protestor. The request for a conference should be made in a timely manner so as not to interfere with the resolution of the protest and not later than twenty (20) days after the initial protest was filed.

Withholding of Award

When a protest has been filed before the opening of bids, COIC will not open bids prior to the resolution of the protest. When a protest has been filed after the opening of bids but before the contract award, COIC will not make an award for five (5) days following its decision on the protest. When a protest has been filed after the award but prior to the execution of a contract, COIC will not proceed with the execution of the contract prior to the resolution of the protest. Exceptions to the above may occur if COIC determines that:

(a) The items to be procured are urgently required;
(b) Delivery or performance will be unduly delayed by failure to either make the award promptly or to
(c) continue with the procurement; or,
(d) Failure to make prompt award or to continue with the procurement will otherwise cause undue hardship to COIC or other local, state, or federal governments.

If government agency funds are involved, COIC will notify the appropriate agency in a timely manner and keep the agency apprised of the status of the protest.

Protest Review – Level One

Upon receipt of a protest, the Executive Director will appoint an ad hoc COIC protest review panel to review all relevant materials associated with the protest. The panel shall be comprised of at least two

representatives of COIC appointed by the Executive Director. The panel shall determine the validity of the protest and what actions will be taken.

The panel will be directed to prepare a report within fifteen (15) days. The panel will notify the protestor and any interested parties of their findings and actions and of the procedures for requesting reconsideration. The report shall include the following:

(a) Copies of all relevant documents;
(b) A copy of the invitation for bid or request for proposal, including pertinent provisions of the specifications; and,
(c) A copy of the abstract of bids.

Protest Review – Level Two

Reconsideration of a decision by COIC may be requested by the protestor or any interested party. The request for reconsideration shall contain a detailed statement of the factual and legal grounds upon which reversal or modification is deemed warranted, specifying any errors of law made or information not previously considered.

The request for reconsideration of COIC's protest review panel decision shall be filed no later than ten (10) days after the panel issues its written report and shall be filed with the Executive Director. Upon receipt of the request for reconsideration, the Executive Director shall schedule an informal administrative hearing with protestor and the COIC protest review panel. The hearing shall be held not later than fifteen (15) days after receipt of the request for reconsideration.

The Executive Director has the authority to make the final decision on all protests. The Executive Director shall issue in writing COIC's final determination of the reconsidered protest within five (5) days of the administrative hearing. The appellate process ends with the Executive Director's decision; however, the aggrieved party has those remedies afforded by the state courts.

Effect of Judicial Proceedings

COIC may refuse to decide any protest where the matter involved is the subject of litigation before a court of competent jurisdiction or has been decided on the merits by such a court.

This solicitation is subject to and governed by the following FTA regulations.

ACCESS TO RECORDS AND REPORTS

Record Retention. The Contractor will retain, and will require its subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the contract, including, but not limited to, data, documents, reports, statistics, leases, subcontracts, arrangements, other third-party Contracts of any type, and supporting materials related to those records.

Retention Period. The Contractor agrees to comply with the record retention requirements in accordance with 2 C.F.R. § 200.334. The Contractor shall maintain all books, records, accounts and reports required under this Contract for a period of at not less than three (3) years after the date of termination or expiration of this Contract, except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case records shall be maintained until the disposition of all such litigation, appeals, claims or exceptions related thereto.

Access to Records. The Contractor agrees to provide sufficient access to FTA and its contractors to inspect and audit records and information, including such records and information the contractor or its subcontractors may regard as confidential or proprietary, related to performance of this contract in accordance with 2 CFR § 200.337.

Access to the Sites of Performance. The Contractor agrees to permit FTA and its contractors' access to the sites of performance under this contract in accordance with 2 CFR § 200.337.

AMERICANS WITH DISABILITIES ACT (ADA)

The contractor agrees to comply with all applicable requirements of section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, which prohibits discrimination on the basis of handicaps, with the Americans with Disabilities Act of 1990 (ADA), as amended, 42 U.S.C. §§ 12101 et seq., which requires that accessible facilities and services be made available to persons with disabilities, including any subsequent amendments to that Act, and with the Architectural Barriers act of 1968, as amended, 42 U.S.C. §§ 4151 et seq., which requires that buildings and public accommodations be accessible to persons with disabilities, including any subsequent amendments to that Act. In addition, the contractor agrees to comply with any and all applicable requirements issued by the FTA, DOT, DOJ, U.S. GSA, U.S. EEOC, U.S. FCC, any subsequent amendments thereto and any other nondiscrimination statute(s) that may apply to the Project.

BOND REQUIREMENTS

For construction or facility improvement contracts or subcontracts exceeding the Simplified Acquisition Threshold, the Federal awarding agency or pass-through entity may accept the bonding policy and requirements of the non-Federal entity provided that the Federal awarding agency or pass-through entity has made a determination that the Federal interest is adequately protected. If such a determination has not been made, the minimum requirements must be as follows:

(a) A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" must consist of a firm commitment such as a bid bond, certified check, or other negotiable

instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.

(b) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's requirements under such contract.

(c) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

It is also understood and agreed that if the bidder should withdraw any part or all of their bid within ninety (90) days after the bid opening without the written consent of the Agency, or refuse or be unable to enter into this Contract as provided above, or refuse or be unable to furnish adequate and acceptable Performance and Payment Bonds, or refuse or be unable to furnish adequate and acceptable insurance, as provided above, it shall forfeit its bid guaranty to the extent Agency's damages occasioned by such withdrawal, or refusal, or inability to enter into a Contract, or provide adequate security thereof.

It is further understood and agreed that to the extent the defaulting bidder's bid guaranty shall prove inadequate to fully recompense Agency for the damages occasioned by default, then the bidder agrees to indemnify Agency and pay over to Agency the difference between the bid guarantee and Agency's total damages so as to make Agency whole.

The bidder understands that any material alteration of any of the above or any of the material contained herein, other than that requested will render the bid unresponsive.

Performance Guarantee. A Performance Guarantee in the amount of one hundred (100) percent of the Contract value is required by the Agency to ensure faithful performance of the Contract. Either a Performance Bond or an Irrevocable Stand-By Letter of Credit shall be provided by the Contractor and shall remain in full force for the term of the Contract. The successful Bidder shall certify that it will provide the requisite Performance Guarantee to the Agency within ten (10) business days from Contract execution. The Agency requires all Performance Bonds to be provided by a fully qualified surety company acceptable to the Agency and listed as a company currently authorized under 31 C.F.R. part 22 as possessing a Certificate of Authority as described hereunder. Agency may require additional performance bond protection when the contract price is increased. The increase in protection shall generally equal one hundred (100) percent of the increase in contract price. The Agency may secure additional protection by directing the Contractor to increase the amount of the existing bond or to obtain an additional bond.

If the Bidder chooses to provide a Letter of Credit as its Performance Guarantee, the Bidder shall furnish with its bid, certification that an Irrevocable Stand-By Letter of Credit will be furnished should the Bidder become the successful Contractor. The Bidder shall also provide a statement from the banking institution certifying that an Irrevocable Stand-By Letter of Credit for the action will be provided if the Contract is awarded to the Bidder. The Irrevocable Stand-By Letter of Credit will only be accepted by the Agency if:

1. A bank in good standing issues it. The Agency will not accept a Letter of Credit from an entity other than a bank.
2. It is in writing and signed by the issuing bank.

3. It conspicuously states that it is an irrevocable, non-transferable, “standby” Letter of Credit.
4. The Agency is identified as the Beneficiary.
5. It is in an amount equal to 100% of the Contract value. This amount must be in U.S. dollars.
6. The effective date of the Letter of Credit is the same as the effective date of the Contract
7. The expiration date of the Letter of Credit coincides with the term of the contract.
8. It indicates that it is being issued in order to support the obligation of the Contractor to perform under the Contract. It must specifically reference the Contract between the Agency and the Contractor the work stipulated herein.

The issuing bank’s obligation to pay will arise upon the presentation of the original Letter of Credit and a certificate and draft to the issuing bank’s representative at a location and time to be determined by the parties. This documentation will indicate that the Contractor is in default under the Contract.

Payment Bonds. A Labor and Materials Payment Bond equal to the full value of the contract must be furnished by the contractor to Agency as security for payment by the Contractor and subcontractors for labor, materials, and rental of equipment. The bond may be issued by a fully qualified surety company acceptable to (Agency) and listed as a company currently authorized under 31 C.F.R. part 223 as possessing a Certificate of Authority as described thereunder.

BUS TESTING

The Contractor [Manufacturer] agrees to comply with the Bus Testing requirements under 49 U.S.C. 5318(e) and FTA's implementing regulation at 49 C.F.R. part 665 to ensure that the requisite testing is performed for all new bus models or any bus model with a major change in configuration or components, and that the bus model has achieved a passing score. Upon completion of the testing, the contractor shall obtain a copy of the bus testing reports from the operator of the testing facility and make that report(s) publicly available prior to final acceptance of the first vehicle by the recipient.

CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

(a) Applicability. This requirement applies to all FTA grant and cooperative agreement programs.

(b) Where applicable (see 40 U.S.C. § 3701), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II.

(c) Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week.

(d) The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(e) The regulation at 29 C.F.R. § 5.5(b) provides the required contract clause concerning compliance with the Contract Work Hours and Safety Standards Act:

Compliance with the Contract Work Hours and Safety Standards Act.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.
3. Withholding for unpaid wages and liquidated damages. The agency shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.
4. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

DAVIS BACON ACT AND COPELAND ANTI-KICKBACK ACT

For all prime construction, alteration or repair contracts in excess of $2,000 awarded by FTA, the Contractor shall comply with the Davis-Bacon Act and the Copeland "Anti-Kickback" Act. Under 49 U.S.C. § 5333(a), prevailing wage protections apply to laborers and mechanics employed on FTA assisted construction, alteration, or repair projects. The Contractor will comply with the Davis-Bacon Act, 40 U.S.C. §§ 3141-3144, and 3146-3148 as supplemented by DOL regulations at 29 C.F.R. part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction." In accordance with the statute, the Contractor shall pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition,

the Contractor agrees to pay wages not less than once a week. The Contractor shall also comply with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by DOL regulations at 29 C.F.R. part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in part by Loans or Grants from the United States." The Contractor is prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

DEBARMENT AND SUSPENSION

The Contractor shall comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of $25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

(a) Debarred from participation in any federally assisted Award;
(b) Suspended from participation in any federally assisted Award;
(c) Proposed for debarment from participation in any federally assisted Award;
(d) Declared ineligible to participate in any federally assisted Award;
(e) Voluntarily excluded from participation in any federally assisted Award; or
(f) Disqualified from participation in any federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows: The certification in this clause is a material representation of fact relied upon by the AGENCY. If it is later determined by the AGENCY that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the AGENCY, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower-tier covered transactions.

DISADVANTAGED BUSINESS ENTERPRISE (DBE)

It is the policy of the Agency and the United States Department of Transportation ("DOT") that Disadvantaged Business Enterprises ("DBE's"), as defined herein and in the Federal regulations published at 49 C.F.R. part 26, shall have an equal opportunity to participate in DOT-assisted contracts.

The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the Agency deems appropriate, which may include, but is not limited to:

1. Withholding monthly progress payments;
2. Assessing sanctions;
3. Liquidated damages; and/or
4. Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

Prime contractors are required to pay subcontractors for satisfactory performance of their contracts no later than 30 days from receipt of each payment the Agency makes to the prime contractor. 49 C.F.R. § 26.29(a).

Finally, for contracts with defined DBE contract goals, the contractor shall utilize the specific DBEs listed unless the contractor obtains the Agency's written consent; and that, unless the Agency's consent is provided, the contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE. 49 C.F.R. § 26.53(f) (1).

DOMESTIC PREFERENCES FOR PROCUREMENTS

(a) The recipient or subrecipient should, to the greatest extent practicable and consistent with law, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards, contracts, and purchase orders under Federal awards.

(b) For purposes of this section:
   1. "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
   2. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

(c) Federal agencies providing Federal financial assistance for infrastructure projects must implement the Buy America preferences set forth in 2 CFR 184.

ENERGY CONSERVATION

The contractor agrees to comply with mandatory standards and policies relating to energy efficiency, which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C.§ 6201).

FLY AMERICA

(a) Definitions. As used in this clause—
   1. "International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States.
   2. "United States" means the 50 States, the District of Columbia, and outlying areas.
   3. "U.S.-flag air carrier" means an air carrier holding a certificate under 49 U.S.C. Chapter 411.

(b) When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, Agencies,

and others use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

(c) If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

(d) In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers. International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403. [State reasons]:

(e) Contractor shall include the substance of this clause, including this paragraph (e), in each subcontract or purchase under this contract that may involve international air transportation.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The provisions within include, in part, certain Standard Terms and Conditions required under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR § 200), whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, detailed in 2 CFR § 200 or as amended by 2 CFR § 1201, or the most recent version of FTA Circular 4220.1 are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any request which would cause a violation of the FTA terms and conditions.

NO GOVERNMENT OBLIGATION TO THIRD PARTIES

The Recipient and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to the Recipient, Contractor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract. The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

NOTICE TO FTA AND U.S. DOT INSPECTOR GENERAL OF INFORMATION RELATED TO FRAUD, WASTE, ABUSE, OR OTHER LEGAL MATTERS

If a current or prospective legal matter that may affect the Federal Government emerges, the Recipient must promptly notify the FTA Chief Counsel and FTA Regional Counsel for the Region in which the Recipient is located. The Recipient must include a similar notification requirement in its Third-Party Agreements and must require each Third-Party Participant to include an equivalent provision in its

subagreements at every tier, for any agreement that is a "covered transaction" according to 2 C.F.R. §§ 180.220 and 1200.220.

1. The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.
2. Matters that may affect the Federal Government include, but are not limited to, the Federal Government's interests in the Award, the accompanying Underlying Agreement, and any Amendments thereto, or the Federal Government's administration or enforcement of federal laws, regulations, and requirements.
3. The Recipient must promptly notify the U.S. DOT Inspector General in addition to the FTA Chief Counsel or Regional Counsel for the Region in which the Recipient is located, if the Recipient has knowledge of potential fraud, waste, or abuse occurring on a Project receiving assistance from FTA. The notification provision applies if a person has or may have submitted a false claim under the False Claims Act, 31 U.S.C. § 3729 et seq., or has or may have committed a criminal or civil violation of law pertaining to such matters as fraud, conflict of interest, bribery, gratuity, or similar misconduct. This responsibility occurs whether the Project is subject to this Agreement or another agreement between the Recipient and FTA, or an agreement involving a principal, officer, employee, agent, or Third-Party Participant of the Recipient. It also applies to subcontractors at any tier. Knowledge, as used in this paragraph, includes, but is not limited to, knowledge of a criminal or civil investigation by a Federal, state, or local law enforcement or other investigative agency, a criminal indictment or civil complaint, or probable cause that could support a criminal indictment, or any other credible information in the possession of the Recipient.

PATENT RIGHTS AND RIGHTS IN DATA

Intellectual Property Rights. If this Project is funded through a Federal award with FTA for experimental, developmental, or research work purposes, certain Patent Rights and Data Rights apply to all subject data first produced in the performance of this Contract. The Contractor shall grant the Agency intellectual property access and licenses deemed necessary for the work performed under this Contract and in accordance with the requirements of 37 C.F.R. part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by FTA or U.S. DOT.

The terms of an intellectual property agreement and software license rights will be finalized prior to execution of this Contract and shall, at a minimum, include the following restrictions: Except for its own internal use, the Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of FTA, until such time as FTA may have either released or approved the release of such data to the public. This restriction on publication, however, does not apply to any contract with an academic institution.

For purposes of this Contract, the term "subject data" means recorded information whether or not copyrighted, and that is delivered or specified to be delivered as required by the Contract. Examples of "subject data" include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and

related information, but do not include financial reports, cost analyses, or other similar information used for performance or administration of the Contract.

1. The Federal Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for "Federal Government Purposes," any subject data or copyright described below. For "Federal Government Purposes," means use only for the direct purposes of the Federal Government. Without the copyright owner's consent, the Federal Government may not extend its Federal license to any other party.
    (a) Any subject data developed under the Contract, whether or not a copyright has been obtained; and
    (b) Any rights of copyright purchased by the Contractor using Federal assistance in whole or in part by the FTA.
2. Unless FTA determines otherwise, the Contractor performing experimental, developmental, or research work required as part of this Contract agrees to permit FTA to make available to the public, either FTA's license in the copyright to any subject data developed in the course of the Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of this Contract, is not completed for any reason whatsoever, all data developed under the Contract shall become subject data as defined herein and shall be delivered as the Federal Government may direct.
3. Unless prohibited by state law, upon request by the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under that contract. The Contractor shall not be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.
4. Nothing contained in this clause on rights in data shall imply a license to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Federal Government under any patent.
5. Data developed by the Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by the underlying Contract is exempt from the requirements herein, provided that the Contractor identifies those data in writing at the time of delivery of the Contract work.
6. The Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance.

PRE-AWARD AND POST-DELIVERY AUDITS OF ROLLING STOCK PURCHASES

The Contractor agrees to comply with 49 U.S.C. § 5323(m) and FTA's implementing regulation at 49 C.F.R. part 663. The Contractor shall comply with the Buy America certification(s) submitted with its proposal/bid. The Contractor agrees to participate and cooperate in any pre-award and post-delivery audits performed pursuant to 49 C.F.R. part 663 and related FTA guidance.

Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(l) on the Contractor, to the extent the Federal Government deems appropriate.

The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

(b) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.

PUBLIC TRANSPORTATION EMPLOYEE PROTECTIVE ARRANGEMENTS

The Contractor agrees to comply with the following employee protective arrangements of 49 U.S.C. § 5333(b): U.S. DOL Certification. Under this Contract or any Amendments thereto that involve public transportation operations that are supported with federal assistance, a certification issued by U.S. DOL is a condition of the Contract.

Special Warranty. When the Contract involves public transportation operations and is supported with federal assistance appropriated or made available for 49 U.S.C. § 5311, U.S. DOL will provide a Special Warranty for its Award, including its Award of federal assistance under the Tribal Transit Program. The U.S. DOL Special Warranty is a condition of the Contract.

Special Arrangements. The conditions of 49 U.S.C. § 5333(b) do not apply to Contractors providing public transportation operations pursuant to 49 U.S.C. § 5310. FTA reserves the right to make case-by-case determinations of the applicability of 49 U.S.C. § 5333(b) for all transfers of funding authorized under title 23, United States Code (flex funds), and make other exceptions as it deems appropriate, and, in those instances, any special arrangements required by FTA will be incorporated herein as required.
